

MICHAEL ELIZABETH MIERS, pictured sitting on her bunk in the Palm Springs jail after her arrest in 1955 in connection with the robbery and murder of Palm Springs Building Inspector Donald E. Graham, was paroled from the California Institute for Women at Corona on May 27. Her husband, Robert Miers, shown above with Detective Lt. Robert White, has had his sentence set by the Adult Authority and is currently "doing time" in San Quentin. He comes up for parole in November of this year. (Desert Sun Photos).

Mrs. Miers Out Of Prison After Stay of 3 Years

Michael Elizabeth Miers, 31-year-old wife of Robert Miers, who on August 25, 1955 caused the death of Palm Springs Building Inspector Donald E. "Dutch" Graham, was paroled from the California Institute for Women at Corona on May 27, it was learned by The Desert Sun today.

The woman, convicted of robbery, second degree, was sentenced to eight years and paroled in three.

Robert Miers, who is serving time in San Quentin, had his sentence set by the Adult Authority this year and received five years to life for second degree murder; one year to life for robbery, second degree; and six months to fourteen years on bad check charges. He comes up for parole in November of this year.

ONE OF THE MOST shocking murders in Palm Springs history, the slaying of Graham roused the ire of local residents who demanded full retribution.

District attorney William O. Mackey, who personally took charge of the case, allowed the couple to "cop-a-plea" and the pair never went on trial.

Graham was found dead in the kitchen of his home on Sunny Dunes Road on August 25, 1955 by Detective T. M. Aitken and the then assistant Building Inspector Jack Sanders, when they went to the home to return a wallet that had been found on highway 60-70-99 near Banning.

ACCORDING TO investigators at the time of the arrest of the couple, Robert Miers had beaten the building inspector unmercifully, tied him up with a bedsheet, and left him to die on the floor of the blood spattered kitchen.

After beating Graham, the couple robbed him and fled the state, only to be captured and returned here for questioning.

Last year Robert Miers appeared before the Adult Authority on April 16 on a plea for parole which the authority denied and postponed until he had served three calendar years. His sentence at that time had not been set by the Authority.

Mrs. Miers had her sentence set almost immediately and was considered for parole in March of this year.

Don E. Bradley Rites Tomorrow

Funeral services will be held at 2 p.m. at the Little Church of the Flowers at Forest Home in Glendale tomorrow for Don E. Bradley, 19, Palm Springs High School graduate, who died Sunday at City of Hope after an illness of two months.

Dr. H. J. Hjerpe of the Los Angeles Presbyterian Church will officiate and interment will be in Memorial Park at Forest Lawn.

Severe Storms Sweeping Nation

United Press International Severe summer storms ripped sections of the East and Southwest, dumping heavy rains from the Carolinas to Southern New England and battering Texas with a tornado and electrical storms. Weathermen also issued an alert for Puerto Rico and the Virgin Islands as tropical storm Becky swept westward across the Atlantic with winds up to 55 miles an hour.

Gale force winds extended 175 miles to the north of the storm's center, and forecasters alerted vessels in the area to exercise caution.

Thunderstorms erupted along the Atlantic coastal states during the night, depositing more than

Long Illness Fatal To William Nash

William C. Nash, for 22 years a resident of Palm Springs and for many years manager of the California Water and Telephone Company, died last night at Desert Hospital following a long illness. Death was reported due to cancer.

Born in Collinstown, County of West Meath, Ireland, the Nash family immigrated to Canada in 1920, and in 1924 moved to Redlands, California, where Nash went to work for Southwestern Home Telephone Company, the predecessor of the California Water and Telephone Company.

AFTER FIVE YEARS with the Southwestern company, Nash resigned to go into business for himself as an electrical contractor in Redlands, but when the Southwestern company was taken over by California Water and Telephone company he went back to the telephone company and was assigned to Palm Springs. The year was 1936 and Palm Springs had only 350 telephones with only four digit numbers.

He was officially made manager of the local telephone exchange in 1944, although he always headed the exchange, and held the top position until he was made plant superintendent in charge of construction on July 25, 1956. Under Nash's leadership during the past two years, California Water and Telephone Company undertook a better than \$5,000,000 renovation and expansion program, and the company moved up from one of the smallest companies in the nation to one of the biggest.

NASH HAD BEEN ILL for the past five years, and during the past months has been under doctors care at his home at 649 North Calle Marcus. He was taken to Palm Springs Desert Hospital yesterday morning when he took a turn for the worse.

He is survived by his wife, Faith, two daughters, Miss Connie Nash of Hollywood and Mrs. Frances McMahon of Palm Springs; one grandson, Perry McMahon of Palm Springs, and three brothers, Thomas and George Nash of Redlands and Robert Nash of Davis, California.

NASH WAS A MEMBER of the Palm Springs Rotary Club, and the Palm Springs Masonic Lodge, F&AM 692.

Masonic funeral services will be held at Weifels and Son Chapel, Friday, at 9:30 a.m., with Toby Curtis, master of the Palm Springs Lodge officiating.

Interment will be in Desert Memorial Park with Weifels and Son Mortuary in charge.

Weather
Desert Area forecast: Variable cloudiness today through Thursday with widely scattered thunderstorms. Not much temperature change. Highs today 95-105 upper valleys, 105-112 lower valleys. Yesterday's high, 107, low, 70; and the weather station recorded a trace of rain yesterday.

Severe Storms Sweeping Nation

one inch of rain at Anderson, S.C.; nearly an inch at Washington, and about 1.5 inches at Baltimore, and Gordonsville, Va. A storm at Lewes and Milton in Delaware felled trees and disrupted electrical power.

Two city workers were injured at Terrell, Tex., Tuesday when lightning struck the ground near them during a violent electrical storm. A twister hit near Edhube, Tex., causing damage in rural areas, and winds of 80 miles per hour struck Lake Lavin north of Dallas.

About 250 persons scurried to safety Tuesday when a rain and windstorm toppled four tents at the All-Iowa Fair at Cedar Rapids. No one was injured.

WILLIAM C. NASH

Probe Charges Of Pressure To Halt Hoffa Quizz

WASHINGTON (UPI) — The Senate Rackets Committee gave James R. Hoffa a breather today and began trying to find out whether administration pressure cut short a 1953 congressional investigation of the Teamsters chief.

The committee called Payne Rattner, former governor of Kansas, for testimony.

Chief counsel Robert F. Kennedy said Rattner was retained by the Teamsters five years ago in connection with a House investigation headed by Reps. Clare E. Hoffman (R-Mich.) and Wint Smith (R-Kan.).

The Hoffman-Smith inquiry into the affairs of Hoffa and Teamsters welfare funds in Detroit ended abruptly after a few days of hearings. The breakup was followed by charges that pressure from "high places" in the administration was responsible for cutting short the investigation.

Hoffa apparently was due for time on the sidelines after a day of charges, denials and counter-charges Tuesday.

President Proposes 6-Point Middle East Peace Program

Freight Piles Up As Trucks Idled Today

Shortages Feared Unless Early Peace Comes in Strike

SAN FRANCISCO (UPI) — A strike-lockout of truckers in 11 western states forced the Southern Pacific Railroad today to declare an embargo on all shipments of less than carload lot.

The SP said its terminals were clogged and that it could no longer accept small shipments for delivery to or from points in Arizona, California, Nevada, New Mexico and Oregon.

However, the Santa Fe said it would accept all shipments for the time being.

Employers in the 11 states ordered the lockout early Monday in retaliation for a strike of 2,350 teamsters in Central California and Western Nevada.

As a result, the for-hire trucking industry began shutting down in Arizona, California, Colorado, Idaho, Montana, Nevada, New Mexico, Oregon, Utah, Washington and Wyoming.

By the end of the week, 1,800 trucking firms in the west will have parked 150,000 trucks. More than 100,000 men will be idled.

The railroad freight embargo, coupled with the trucking tie-up, was sure to cause commodity shortages, production cutbacks and higher unemployment.

No serious shortages were anticipated in the immediate future, but transportation experts said such shortages could develop in some areas if the strike-lockout lasts as long as 10 days.

The Western Conference of Teamsters announced it is preparing an unfair labor practice charge, a petition for an injunction and a federal court damage suit against the trucking associations.

Meanwhile, teamsters idled by the lockout flocked to unemployment insurance offices to file claims for benefits. Whether they will receive them remains to be seen.

Old Spanish Days At Santa Barbara

SANTA BARBARA (UPI) — The Old Spanish Days Fiesta opens tonight in front of Mission Santa Barbara. It will run for five days.

Veto Threat Fails to Halt Security Bill

Congress to Pass Measure, Johnson Declares Today

WASHINGTON (UPI) — Senate Democratic leader Lyndon B. Johnson said today Congress is "going to pass a good social security bill" despite threats of a presidential veto.

"We will not be deterred or delayed by this veto stuff," Johnson said. "That's the president's responsibility. I hope they, the administration, will stop talking about veto long enough to let us Congress, exercise our responsibility."

The social security measure, which would increase benefits by about 7 per cent for 11,800,000 persons, is one of the major roadblocks in Congress' drive to adjourn. It already has been approved by the House and is before the Senate Finance Committee.

WITH HOPES FADING for adjournment this weekend, the Senate today took up legislation to provide \$1,500,000,000 over four years to beef-up missile-age education.

Johnson's statement on the social security bill obviously was aimed at the warning from Health Secretary Arthur S. Flemming that he would recommend a veto if the measure's public assistance features is retained by Congress.

"We are going to pass a good social security bill and not ignore the fact that the cost of living is rising every day," Johnson said. "This administration apparently has no plans to check it."

Earlier, Sen. Frank Carlson (R-Kan.), said he thought Eisenhower would veto the social security bill as "too inflationary."

Juvenile's Pet Weapon Banned

WASHINGTON (UPI) — President Eisenhower signed into law Tuesday a bill banning interstate shipment of switchblade knives.

Congressional sponsors said the measure was aimed at cutting juvenile delinquency by curbing traffic in a common gang weapon.

The law provides a penalty of up to \$2,000 in fines and five years in prison for violations.

SOVIET FOREIGN Minister Andrei Gromyko 'sits on his hands' as other U. N. delegates applaud President Eisenhower today at Middle East session. (International)

Dog Fight Rages As Red Planes Menace Quemoy

TAIPEI, Formosa — (UPI) — The Chinese Nationalist air force announced that more than 10 Red Chinese MIG17 jet fighters intercepted two Nationalist Sabre jets off the Fukien coast today.

The Nationalist and Communist planes engaged in a dog fight for seven minutes, the communique said, but no damage was reported to either side.

Earlier, Defense Minister Yu Ta-wei said that Communist seizure of the Quemoy and Matsu outposts islands would involve the United States in the Red war of nerves against Nationalist China.

In an exclusive interview, Yu said that loss of the Quemoy and the Matsu would move the Nationalist defense line back to the Pescadores, which the U. S. has promised to protect.

The U.S.-educated defense minister said the Communists are already developing a pattern of pressure against the outposts islands just like the one they used to drive the Nationalists out of the Tachen Islands three years ago.

This time, Yu said, there is one difference—Nationalist China is determined to fight if necessary to hold on to its last outposts instead of pulling out as it did from the Tachens.

Urges UN Force to Put End to Russian 'Ballistic Blackmail'

UNITED NATIONS, N.Y. (UPI)—President Eisenhower today proposed an all-embracing six-point peace program for the Middle East, including a do-it-yourself economic plan for the Arab states and a U.N. police force to protect it from "ballistic blackmail."

The President spoke for 28 minutes before an emergency session of the U. N. General Assembly called to consider the Middle East crisis.

His proposal, calling for "an Arab development institution on a regional basis," was a departure from U.S. tradition which heretofore has dealt only with nations on an individual basis.

"The institution should be governed by the Arab states themselves," he said.

THE PRESIDENT delivered his address without interruption, but at the end the delegates applauded him for 34 seconds. They gave him another ovation as he left.

Soviet Foreign Minister Andrei Gromyko, who followed Eisenhower to the rostrum 10 minutes later, did not applaud.

Gromyko and his aides stood silently as Eisenhower left the chamber. It was the President's first appearance there since his dramatic "atoms for peace" proposal Dec. 8, 1953.

Gromyko, only other listed speaker for the day, launched immediately into a condemnation of U.S. "armed intervention."

The President's speech drew immediate praise from western nations.

THE ARABS, for the moment, were noncommittal.

A spokesman for Foreign Secretary Selwyn Lloyd said Britain

"warmly welcomes" the President's speech. It also was praised by Ireland and Italy.

The President said it was "important" that his six-point plan be viewed as a whole. He listed it: "United Nations concern for Lebanon."

"United Nations measures to preserve peace in Jordan."

"An end to the fomenting from without of civil strife."

"A United Nations peace force."

"A regional economic development plan to assist and accelerate improvement in the living standards of the people in these Arab nations."

"Steps to avoid a new arms race spiral in the area."

AS A MEANS of preventing outside sources from stirring up strife from within, the President proposed U.N. monitoring of radio broadcasts "directed across national frontiers in the troubled Near East area."

The President said carrying out of his peace plan could mean "in a few short years" that the Lebanon and Jordan crises would mark "the beginning of a great new era of Arab history."

Referring to Russia's "ballistic blackmail," the President demanded: "Should it not be serious international misconduct to manufacture a general war scare in an effort to achieve local political aims?"

FIRST MARINES PULL OUT OF MIDDLE EAST

BEIRUT, Lebanon — (UPI) — A battalion of 1,800 U.S. Marines and several hundred Navy Seabees today began the slow process of pulling out of Lebanon.

The withdrawal, the American answer to Russia charges of U.S. "aggression," began at dawn with loading their heavy equipment aboard Navy LSTs.

The Marines landed here July 15 at invitation of President Camille Chamoun who felt his government threatened by Syrian infiltration and a revolutionary movement at home.

The Marines said they would be loading equipment throughout the day and possibly Thursday before all of them actually rejoin the ships of the U.S. 6th Fleet.

The withdrawal leaves approximately 9,000 airborne troops and 3,000 Marines in Lebanon.

The men and officers of the 2nd Battalion of the 2nd U.S. Marine Division began moving out only a few hours before the U.N. General Assembly opened its crucial debate on the Middle East in New York.

The 2nd Battalion was the first to come ashore here in response to the urgent appeal of Chamoun for assistance in "maintaining the independence and integrity" of Lebanon.

The partial — but significant — withdrawal was announced Tuesday by Adm. James (Lord Jim) Holloway, commander of American forces in Lebanon.

He said the evacuation was carried out in agreement with Chamoun and President-elect Maj. Gen. Fuad Chehab that "there has been material improvement in the internal and external security situation" in Lebanon.

A State Department spokesman in Washington said he knew of no plans for any immediate withdrawal of additional troops from Lebanon. He laid down the following conditions under which such withdrawals would be carried out: "Whenever requested by the Lebanese government."

"Whenever the United Nations has taken adequate measures to achieve the goals for which the U.S. forces were requested."

Becky Roaring Across Atlantic To Puerto Rico

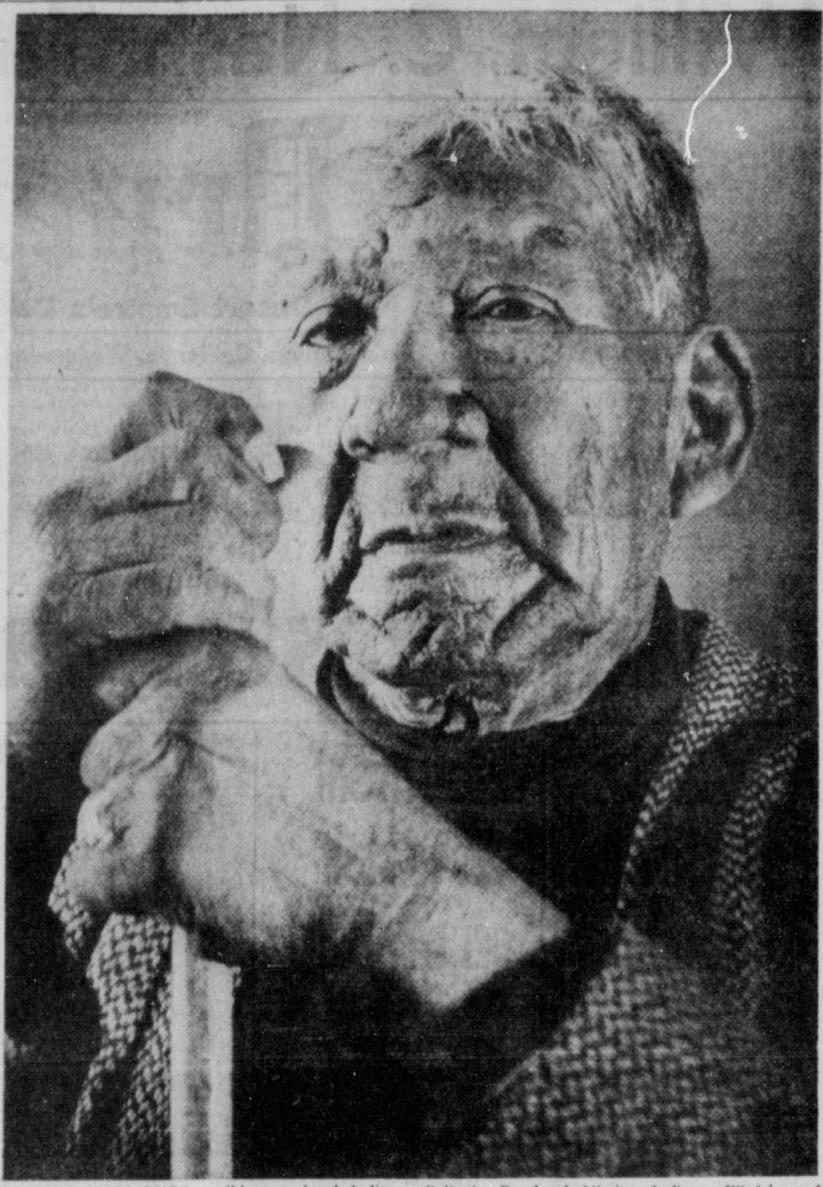

MIAMI (UP) — Tropical storm Becky, gaining momentum in its westward march over the Atlantic, swirled toward Puerto Rico and the Virgin Islands today with winds up to 55 miles per hour. Gale warnings were ordered up in the leeward islands for "winds up to 50 miles per hour in squalls beginning after 5 a.m." Weather men said the storm may reach full hurricane force as it moves into warmer waters today. The San Juan weather bureau in Puerto Rico said late Tuesday "if the storm continues its present direction and rate of motion, it is expected to pass about 100 to 125 miles north of Puerto Rico and the Virgin Islands during the forenoon." A late weather advisory said highest winds were estimated at 55 miles per hour in the heavier squalls, and the storm was moving west to west-north-westward at an accelerated speed of 20 miles per hour. It was expected to continue moving in the same general direction for the next 12 hours with a "slight increase in size and intensity."

Committee Gives O.K. to Tacheva Flood Control

U. S. Senator Thomas Kuchel reported from Washington this week that the Senate Subcommittee on Rivers and Harbors has "ordered favorably" in its report on the Tacheva Flood Control Project. The full report, without amendment, has been authorized by the committee and has been sent through for Congressional action. The bill, known as Senate Bill 4179, will authorize and appropriate money for the construction of a Tacheva Flood Control dam and Channel through Section 14.

Satisfied With Freeway Routing

The Yucca Valley Chamber of Commerce notified the Board of Supervisors Monday that they are in favor of the Dry Morongo Canyon freeway route between Highway 60 north of Palm Springs and Morongo Valley. This is the route chosen by the state highway division. The Yucca Valley Chamber president, Roy Roush, said that at no time have they authorized any other organization to speak for them on the matter. The Associated Chambers of Commerce which takes in the Yucca Valley expressed opposition to the proposed route last week. Practically all the canned pork exported by the U. S. in 1957 went to Korea, Spain and Venezuela.

CALISTO 'CAL' LUGO, well-known local Indian and member of the Morongo Reservation, was found dead in the yard of his home at 130 Calle Encelia early Monday morning. About 90 years old, 'Cal' lived more than 50 years in Palm Springs. A nephew of the famous Desert Caballero Indian "Fig Tree John," his adopted niece is Mrs. Nina Lugo McGlamory, onetime chief of the Agua Caliente Band of Mission Indians. Wiefels and Son Mortuary spokesman said that an autopsy will be held to determine the cause of death of the man who was reportedly a diabetic. Funeral services are pending location of the nearest relative. (Photo from the collection of Harry C. James).

Plaza Company Asks Reconsider Building Ruling

The Plaza Investment company this week filed an official appeal with the Palm Springs City Council asking for reconsideration in the matter of turning over to the city a "covenant" on the building on Andreas Road before the company can improve the little building by changing the front. Zachary Pitts, head of the company, told members of the city council that he was "in effect being asked to deed the property over to the city and if ever there is any need to widen Andre as Road, they can just make me tear it down." Councilman Leonard Wolf, who made the motion which stopped the alterations of the former antique store, pointed out that the entire building was in the right-of-way and that if the street was widened the city would have to pay for the building to have it removed. "If we let them improve the building the cost will be even greater to the city if we have to destroy it." In the company's letter to the city, it proposes that the city take the difference in the value before and after the alterations, and this amount will be deducted from the price of the building if it ever has to be destroyed. The Council is expected to take official action on the matter Aug. 27.

Farmer's Fair Starts in Week

Summer activities in Riverside County will be highlighted by the county's Farmers Fair at Hemet this month. Products of the county, including livestock and agriculture, will be exhibited by junior and senior divisions from Aug. 20 through 24. Features of rural life may be seen in a variety of displays and contests. The fair program also features a daily talent show, a square dancing jamboree and many other attractions.

Second U.S. Sub Cruises at Pole

WASHINGTON — (UP) — The USS Skate, second American nuclear submarine to sail under the North Pole, today cruised beneath the polar ice cap to continue its historic explorations. The Defense Department announced Tuesday night the Skate crossed the North Pole at 9:47 p.m., e.d.t., Monday while exploring undersea routes beneath the polar cap. It was the second historic sub-polar crossing for U.S. atom subs in eight days. The USS Nautilus passed from the Pacific to the Atlantic by way of the Pole last week following the hitherto unknown "deep sea valley" proclaimed by the White House as a new route from the Atlantic to the Pacific. Sen. Prescott Bush (R - Conn.) told the Senate the voyage of the Skate, coming quickly after the Nautilus cruise, demonstrated the "one-two punch" of the Navy. He read the Senate the United Press International dispatch disclosing the Skate's accomplishment. The Skate sailed from its home base of New London, Conn., July 30, carrying a crew of 10 officers, 87 enlisted men and nine civilian technicians. It is skippered by Cmdr. James F. Calvert of Cleveland, Ohio.

Don't Confuse Colors, Warning Given Motorists

Village motorists were today cautioned to learn the significant difference between red and green — the city's first traffic light is now in operation. Police Chief August Kettmann today notified his traffic division that the signal at East Palm Canyon Drive and Sunrise Way is now functioning. Chief Kettmann instructed his officers to begin immediate enforcement of regulations, heretofore unused and unnecessary here regarding the operation of signal lights.

Federal Control To Limit Size of Roadside Signs

WASHINGTON — (UP) — Motorists on the interstate highway system would be assured on some billboard-free driving under tentative regulations announced by the Commerce Department. Commerce Secretary Sinclair Weeks Tuesday announced the billboard standards on the proposed 40,000 - mile federal - state road network. As unveiled before a Senate Public Works Subcommittee, the federal standards would limit the use of brand names on roadside ads: clump groups of ads together in "informational site" areas off the highway, and ban the use of moving signs.

THE PROPOSED STANDARDS would permit individual billboards — "substantially smaller" than present common billboard size — for rural advertisers located within 12 miles of the highway. But they would not permit more than one such sign a mile. Weeks, who ran into some roadblock to the proposals from Sens. Robert S. Kerr (D-Okla.) and Roman L. Hruska (R-Neb.) said the proposed plan would ban all signs from scenic areas, historical or directional signs. Weeks said he hoped to be able to spell out the final standards within a week. Weeks said he visualized the states creating the "informational sites" — similar to rest stops — off the interstate highways in populated areas. Travelers would drive off the road into a landscaped area to inspect various ads on billboard "panels" telling them of nearby hotels, theaters, gasoline stations, restaurants, snake farms or whatever.

Cathedral City Zoning Hearing Set for Sept. 22

CATHEDRAL CITY — Set by the Board of Supervisors Monday for a hearing September 22 at 10 a.m. was a petition initiated by the county planning commission for a change of zone from R-3 (general residential) to C-1 (general commercial) for property on the south side of A Street between Van Fleet Avenue and Chupersona Lane in the Cathedral City area. The planning commission expressed the belief that the change of zone would encourage the highest and best use of the 300 - foot block in which the community meeting hall and county branch library are located.

Penny Carnival Plans to be Topic Thursday Night

DESERT HOT SPRINGS — Preliminary plans for the community's annual Penny Carnival will be discussed at 7:30 p. m. Thursday in a meeting at the Angel View Crippled Children's Clinic. Additional committee chairmen for events scheduled for the carnival which benefits the Angel View Foundation, will be appointed, said Chairman Sam Benton. The Penny Carnival is scheduled for Oct. 18.

Goldfine Citation Said for Sure

WASHINGTON — (UP) — The House prepared to cite Boston millionaire Bernard Goldfine and two alleged Communists today for contempt of Congress. Rep. Thomas B. Curtis (R-Mo.), planned a one-man battle against the contempt action against Goldfine, gift-giving friend of Presidential assistant, Sherman Adams. But his rear guard action was almost certain to fail and an overwhelming House contempt vote was all but assured. Goldfine was accused of contempt for refusing to answer 22 questions about his financial dealings posed by the House investigating subcommittee headed by Rep. Oren Harris (D-Ark.). He contended the questions were not relevant to the group's inquiry into federal regulatory agencies. THE SUBCOMMITTEE, insisting the questions were relevant, voted 8-0 to cite the Boston textile manufacturer for contempt. The parent House Commerce Committee, also headed by Harris, backed it up by a 30-0 vote. After approval by the House, the contempt citation would go to the Justice Department for almost certain prosecution which could take at least two years. If convicted Goldfine faces a maximum sentence of a year in jail and a \$1,000 fine. The other two contempt cases involved alleged Communist newsman Carl Braden and alleged Communist organizer Frank Wilkinson. The House Committee on Un-American Activities unanimously approved the contempt moves against them for refusing to answer questions about alleged Communist activities.

Refrigeration for Space Travelers Proposed Today

BURLINGTON, Vt. — (UP) — A Yugoslav physiologist today proposed refrigeration as a protection for space travelers against cosmic radiation. The scientist, Prof. Jevto M. Radulovic, said research has shown that hypothermy—the cooling of living things to temperatures far below normal — provides protection against many of the hazards of space flight. These hazards include the regions of intense radiation now known to exist between the earth and the far reaches of space. Radulovic gave his ideas in a paper prepared for the First International Congress of Radiation Research this week at the University of Vermont. "We may presume with certainty," his paper said, "that in this era of interplanetary flights, hypothermy will play a protective role against harmful cosmic radiation." The Yugoslav's paper was one of several reports to the congress on means of protecting living things from damaging radiation, whether from atomic bomb fallout, atomic power plants, medical X-radiation, or the rays pelting the earth from solar, stellar, and intergalactic space.

Speed Clearing Of Station Site

Press Construction Company is proceeding full speed clearing the new Police Station site on McCallum Way. Trucks and bulldozers are taking out old army installations on the site and removing some tamarisk trees. The new police building will cost in excess of \$307,000 and will be about one year under construction.

MULTIPLE LISTING IS FOR CO-OPERATIVE SELLING OF REAL ESTATE

The real estate offices listed below have joined together in the exchange of exclusive listings which have been given them. This exchange informs one hundred and twenty five salesmen about your property as a seller. As a buyer, it permits you to step in any of these offices and have a list of over one hundred recently listed properties for your consideration. Whether you are a seller or a buyer the best service is in Multiple Listing. Call any broker listed below if you want your property on the Caravan.

CVSL to Open New Indio Office

Coachella Valley Savings and Loan Association moves to a new Indio office building Saturday, Association President William H. Smith announced today.

Scheduled to open next Monday, the Indio branch of the rapidly growing savings and loan institution is housed in a spacious new building at Bliss and Towne Streets.

Designed by Williams, Williams and Williams Architects, which designed the modernistic main office on Palm Canyon Drive here, the new Indio branch building contains 4,200 square feet of floor space and provides all the services of its parent office.

ASSOCIATION OFFICIALS explained that the new plant evolved through the necessity of expansion brought about by the association's rapid expansion.

Association officers are, in addition to President Smith, Arthur L. Cooper, executive vice president; Elmer Walberg, executive vice president; Lucille K. Johnson, secretary - controller; Shirley M. Shaw, secretary.

Others are Aurora M. Burke, Irvin C. Marchand, Helen M. Mathers, and Thelma Good, assistant secretaries, and Mary Bondor, assistant treasurer.

OFFICE PERSONNEL for the new branch building includes Cooper, as manager; Leonard Sites, loan officer; Aurora Burke, escrow officer; Juanita Casteel and Ada B. Ebert, tellers.

Members of the board of directors are Kenneth B. Kirk, chairman; R. W. Blackburn, Arthur L. Cooper, Gary Cooper, Culver

Nichols, Sol Lesser, Kay Olesen, Stanley Rosin, William H. Smith and Elmer Walberg.

Boasting refrigerated air conditioning, the new building dark walnut fixtures enhanced by functional glass tops for the cashiers counters.

A NEW FEATURE attraction for the new branch is a time and temperature signboard installed on the corner of the building. It automatically records temperatures inside and outside the building, and the correct time on a flasher sign that operates 24 hours a day.

The time and temperature sign is the basis for a new contest conducted by the association. Area residents will be asked to guess the exact day, hour and minute the temperature reaches its maximum and what the temperature will be during the month of September.

Cash will be placed in savings accounts for first, second, third and fourth place winners.

TRACING THE HISTORY of Coachella Valley Savings and Loan, President Smith noted that the association was started in 1950 by Arthur L. Cooper and organized under the name of Palm-Land Savings and Loan Association.

Consolidated with Coachella Valley Savings and Loan in 1951, the association now ranks as the largest association of its type in Riverside County.

Two offices now serve the Coachella Valley and association assets are almost \$20 million, Smith said.

COACHELLA VALLEY SAVINGS and Loan Association's new building in Indio will be opened to the public on August 18, it was announced today by President William Smith. The building contains 4,200 square feet of floor area and will provide all services possible to give in a savings and loan association. The bank boasts assets of almost \$20,000,000.

Road Under Consideration

CATHEDRAL CITY — The ex-cervisors Monday, asking that it tention of Cathedral Canyon be provided for in the 1958 - 59 Drive northerly to Ramon Road budget.

"It is our understanding that has been requested several times, last year money was appropriated the Cathedral City Chamber of ed for this project but subsequent Commerce told the Board of Sup-ly used for some other purpose

Trailer Park Request to Mean New Hearing

R. T. Forbes of Cathedral City asked the Board of Supervisors Monday to release him from a planning commission requirement under a permit allowing him to establish a trailer park on Peterson Road north of Highway 111, that he erect a six-foot fence along its south boundary. He also asked to be allowed to use a hog-wire fence instead of a wooden fence where there is a wash on another boundary of the trailer park, and said he would like to eliminate the playground originally planned for the park.

Forbes complained that Planning Director Tyler Suess has opposed everything he has ever wanted done. "There's no use going back to the planning commission," he said, "because Suess will advise them to act against

Supervisor George Berkey said he believed that Forbes would have to go back to the planning commission with a new variance request.

County Counsel Ray T. Sullivan, Jr., said that a new variance petition to the planning commission would be advisable if Forbes wants to get the matter properly instigated. He said the planning commission or the board could initiate a petition but it might not end up as desired by Forbes.

Forbes complained that Planning Director Tyler Suess has opposed everything he has ever wanted done. "There's no use going back to the planning commission," he said, "because Suess will advise them to act against

whatever I ask for." He also said he would like to open the trailer park October 1 and was afraid of planning commission delay.

Suess promised that the commission will consider Forbes' requests at their August 26 meeting and the commission's recommendation will be ready for consideration of the Supervisors September 2.

The elimination from approved plans of the six-foot fence along the south border of the trailer park will undoubtedly be opposed by owners of the Blue Skies Trailer Village. Only a 30-foot easement lies between Forbes' property and the Blue Skies fence. Suess said it might be difficult

to keep people from the Forbes trailer park from utilizing the 30-foot easement if the fence is not erected.

A planning commission report that it has approved a variance which will allow Forbes to develop an area he had previously excluded around his residence and some apartment cottages, was received by the supervisors Monday and filed.

"I do not want any more apartments," said Forbes. "I want to develop the entire area to trailers. A trailer park is more profitable than apartments." He reportedly suffered a \$15,000 loss when one of the rental units burned to the ground last January.

Board Told They Have No Jurisdiction in Incorporation

County Counsel Ray T. Sullivan, Jr. reiterated previous statements he has made when he told the board of supervisors Monday that in his opinion they lack jurisdiction to make any study, survey or determination as to the population of an area seeking to incorporate.

Sullivan's opinion was given at the request of the supervisors considering a letter received from the City of Palm Springs asking that they officially establish the population within the boundaries of an area north of Palm Springs proposed for incorporation.

SHELBY V. LANGFORD, acting Palm Springs city manager, expressed a belief that there are fewer than the 500 residents required for incorporation, within the proposed boundaries. He asked that the official population estimate be completed prior to holding of a required hearing.

Board Clerk Weldon Patty told

the supervisors that although the petition of intent to circulate a petition to incorporate had been filed and checked by the boundaries commission and the boundaries approved, a petition to incorporate has not yet been presented to the board. The petition of intent was filed with the board of supervisors June 16 and referred to the county assessor for checking of signatures. A hearing date will not be set until the petition is filed with the board. Presumably it is now being circulated.

SULLIVAN WAS ASKED by the supervisors Monday to reply to the Palm Springs request for population verification expressing the opinions he had voiced to them.

Al Sharf, vice chairman of the Organization for Incorporation of North Palm Springs, charged that the city of Palm Springs is trying to intimidate and influence the supervisors before a hearing is held. He said the city attorney must be well aware of the county and state laws pertaining to the incorporation of a new city. "We are making every effort to become a city strictly on merit and facts," said Sharf. "We have complied with every law. We have taken a preliminary census and are positive that we have more than the 500 inhabitants that the state law requires."

SHARF SAID the organization intends to ask that either the sheriff's office, the district attorney, or the attorney general participate in taking a final census, or one member from each of the three offices, "so that there will be no doubt of the validity and honesty of the count."

Delay of any further action on the incorporation until after the first of September when the organization's attorney, William Shaw of Riverside, returns from a trip, was requested by Sharf.

Burglars Blast Cash Blasted

INDIANAPOLIS — (UPI) — Burglars watched their get-rich-quick plans go up in smoke Thursday when the Armour Packing Company safe they had stuffed with nitroglycerin blew the safe across the room and shredded the money inside.

America's first subway was constructed in Boston in 1897.

Public Invited To Help Improve Mail Service

If you have any ideas as to how mail service might be speeded up or improved now is the time to present them to the local post office.

Immediately following the increased postal rates, the national post office department is conducting a nation-wide survey on these subjects.

The improvement program launched by Postmaster General Arthur Summerfield reflects a creditable effort on the part of this vital department of the federal government to give better service to the public.

It is deserving of a widespread response of serious and constructive suggestions from the public everywhere.

All too few agencies and bureaus of national and state government give enough if any consideration to bettering service rendered to the people. On the contrary some seem to delight in creating new red tape and inventing ad-

ditional cumbersome and time consuming processes for added delay in their dealings with individual citizens.

Among the 160,000,000 Americans who use the mails almost daily there should be a number of thousand well intentioned suggestions for improving postal service, many of which could prove helpful and practical for adoption in local post offices as well as on a nationwide basis.

This is also a golden opportunity for all chronic complainers about mail service to not only say, but do something about it.

If you have what you think is a good answer to Summerfield's question be sure to send it in. No big cash prize is being offered, but if your reply is adopted you will have the satisfaction of knowing that you have helped yourself, the post office department and perhaps many of the millions using the mails.

A Victory-to-Be

WASHINGTON, D. C. — We have monuments at Gettysburg and Valley Forge, although neither represented a clear-cut American victory at the time. It's my opinion that the stone-cutters and bronze-workers can start an, time now to raise a monument at Little Rock, Arkansas. At this place an unsung but significant victory was taken from the Communist invaders and their mercenaries.

Years may pass before there is popular recognition of how American forces of law and good sense threw back the Red assault at Little Rock. All sorts of mal-edications will be hurled at those who anticipated the ultimate judgment and who say today that everybody will say tomorrow.

THE COMMUNISTS, by turning their flank at Little Rock, would have made a deep and maybe a disastrous penetration of the American defense. But the collapse of the enemy trust, as seen in Governor Faubus' reelection and the end of the Administration's experiment in forced integration, has been the surest sign in recent years that we have ramparts at the home front and men to mount them.

Interestingly but not strangely, New England and the South have combined to make this fight, much as they made the first fight for American liberty in the Revolutionary War. It took a newspaper in New Hampshire, the Manchester Union Leader, to reduce to absurdity the posturings of a Pulitzer prize Arkansas editor who came out for bayonet-point integration at Central High School.

Dear Abby...

DEAR ABBY: Just what do air-conditioning engineers say? How low should a thermostat be set in an office? We girls shiver while the men in the office wear woolen suits and turn the thermostat down to 62. In winter you'd have your furnace turned on at 62! We can't wear our summer clothes to work because we'd freeze in them. We've all had our turns at stiff necks, colds and earaches because of the air-conditioning. Please say something in your column. These men don't believe anything unless they see it in black and white.

FIVE FROZEN GALS
DEAR FIVE: A comfortable (and sensible) temperature is 74. Push the thermostat up, girls, and let he who is without conscience push it down!

DEAR ABBY: My neighbors moved away and couldn't take their collie puppy with them so they gave it to me because they knew I love animals. After a few weeks I could see that my own dog (whom I've had for eight years) resented the new dog, so I thought it best to give the collie to a friend of mine in the country. When I went to see this friend three months later I was shocked to see the puppy I'd given her, looking so sickly and thin. I asked if he had been sick and she said, "No, he eats good. We give him potato necks and table scraps and plenty of

it." This hurt me because I am a dog lover. It has been bothering me. Should I ask for the dog back and try to find it a better home?

DOG LOVER
DEAR DOG LOVER: Certainly. Ask for the dog, and if you can't find a home in which it will be happy and well treated, your Humane Society will take good care of it.

DEAR ABBY: I have a problem that lots of other mothers have so I will speak for all of us. It concerns my neighbor. She lets her small children out of the house before seven o'clock in the morning and when they get out they act like they have just escaped from a cage. They scream, sing and yell as loud as they can. Many people are trying to sleep at seven in the morning. I never let my children out of the house until after eight. Please tell me if I am wrong to complain?

DISGUSTED
DEAR DISGUSTED: Your neighbor is inconsiderate. Have a talk with her and tell her she must let her children out so early, to please instruct them to be quiet, or to stay with them and keep them quiet.

DEAR ABBY: I can't let this opportunity pass without telling the mother who complained about her boys taking off their shoes just any place in the house. I know this mother loves her boys as I do mine, but she does-

3. SOCIOLOGY ABOVE LAW: Chief Justice Earl Warren in his written decision on school segregation left the legal precedents and reached for "modern authority" to show that segregation gave Negro children a hurtful sense of inferiority.

He cited six books to prove his point, books saturated with provable Communist sympathy and propaganda.

4. THE POLICE STATE: Communism exists nowhere except where forced upon the people. "The honor of our country requires Federal intervention..." said the Communist political guide, Political Affairs.

"A tremendous victory for the American people," said the Communist Daily Worker. This is how the Reds saw the use of troops in Little Rock.

5. THE CONTINUING CONSPIRACY: The Southern States have a race problem, and may have a solution, but the Communists have only an opportunity to stir American against American.

"The Communists have no sincere interest in promoting racial harmony," says J. Edgar Hoover in a nifty understatement. "Communist activity... is directed against all generations of people in the South," says a report of the Senate Internal Security Subcommittee.

These are some things which we now know about the Little Rock battle. As the years advance, we will know that an American victory has been scored for LAW, State Sovereignty and common sense. Someday it will be worth a monument.

Holmes Alexander

THIS SIDE of The Sun

By Phat

It's nice to roam Palm Canyon Drive. Hot, sure, but feeling so alive.

That's a little belated. I got back Sunday but forgot to say 'Hi' until today.

GIVE OR TAKE a few days, it was just 17 years ago that I came to Palm Springs to become a Villager instead of just a casual visitor.

And with one exception — what a difference! That exception is that now, just as then, it doesn't take much effort to raise a well, to be more elegant, let's say perspiration.

PALM SPRINGS is a lot different than it was then.

Back in 1941 there was nothing much open. The Village was what you might call dormant. Full of soldiers from the training camps out in the desert and the only traffic was long trains of convoys.

Now it's a bit different. More traffic, more places to eat and be refreshed, more people who stayed all Summer.

But, like I say, just as warm-ish.

LIKE A BASEBALL pitcher who isn't rated as a starter, I've been in the bullpen all Summer. Now I'm called on for relief.

To relieve Mr. D. E. Klotzbecher, the manager editor, who has taken off to Idyllwild with his good wife, Gretchen, and son, Junior.

That's why they call it Idyllwild. He'll be idle and Junior will be wild.

IT HAS BEEN a long time since I've mentioned license plates in one of these pieces.

Since then, they've gone down to N in the alphabet and I even saw a P the other day. With no Os or Qs it won't be long before they get to S.

And I wonder if some lucky desert resident will get a plate which starts out SUN.

KENNY BROTT of The Sun staff, has sort of got that beat. His new license plate has the letters NUS.

Of course, my first reaction to that was that he was flaunting insults at people he passed.

Like NUS to you.

But he told me I was dumb. That the NUS was in keeping with his job.

Spelled backwards NUS is SUN.

ALL I KNOW is what I read in the public prints and so I'm not smart on this Desert Inn deal but there's one part of it which I think is good.

That's the hooking together of Bellard Road, which goes north and south from the Inn grounds but not through.

In the original plan for Palm Springs it was a through north and south street which failed to make it.

CUTTING IT through all of the way will provide a much-needed third north and south street and serve to relieve some of the traffic on Palm Canyon Drive and Indian Avenue.

By the way, with three streets funneling into that one bridge over Talquitz Channel — maybe they'll consider my yelps for another crossing between the Drive and Sunrise Way.

Washee All Burnee

STAN DELAPLANE'S Postcard

A curious fact has been brought to light by the Madison Avenue set: Namely, the better the TV TV program, the less it sells the product.

As you may know, the advertising gentry have been hiring head-shrinkers lately to determine why we buy beer and skittles. Washing machines and face creams!

WELL WE DO NOT buy a washing machine to wash clothes, dear hearts. We buy them with deep and dark motives. We buy them to reassure ourselves that all's well with the world. And a fig for the neighbor with the milk coat.

Meanwhile back at the TV set, Aunt Agatha has changed the will again. Sir Robert Whippet-McTavish is down in the library. Having a go at the nut-brown sherry.

THE RASCALLY nephew is upstairs, outwitting about the house maid.

A cloaked figure is climbing the ivy. The ruddy Scotland Yard inspector is inspecting whatever they inspect.

"Shall I lock the 'ouse, m'lord?" says Jarvis, the butler. "And lower the portcullis and such?"

"Do so, Jarvis," says Sir Robert. "And while you're about it, fetch me a spanner or a can-opener. For I must dig into the loose brick in the fireplace and get the secret deed to the property."

AT THIS POINT, the TV pictures changes into a bar of soap.

The soap has legs and begins to sing and dance — probably at the nut-brown sherry itself, the lathery thing.

"Does your skin need tightening?"

"Your complexion frightening?"

"Use Afterglowwwwwww..."

"Yes folks! Afterglow gives you that lovely, delicious, peach blossom skin that drives men MAD! MAD! MAD!"

YOU THINK THIS sells After-

glow? Not so, say the psyche twisters.

You cannot think of tightening your skin while your nerves are in knots. You are so wrapped up in the hand coming through the drapes, you cannot unwrap the soap.

The higher the pitch of the performance, the lower your urge to purchase.

WELL, WHAT THIS means is TV fodder will grow more soothing. For the makers of Afterglow are not just sitting around thinking of ways to scare you out of your wits.

How to keep the plot going and still keep us in a lather. That is the problem. Obviously, we must think of brand new plots. Easy does it.

THE CLOAKED figure clambering up to the haunted tower. With the knife in his hand.

He is the vile manicurist. He is climbing up because he is late giving Uncle Bertie a manicure. Jarvis has locked him out. But he is a determined fellow and takes pride in his work.

The body on the carpet: Before you lose your interest in soap, we inform you that it is the village postman. Sir Robert forgot the postal rates were raised and only put a sixpence stamp on the letter. The postman has been waiting to tell him about it and fell asleep on the rug.

THE RASCAL NEPHEW mixing the contents of a small bottle in the whisky-and-soda: He has just read an article in Reader's Digest showing English Scotch is 10 proof lighter than the export brand. He is adding a dollop of torpedo juice to Sir Robert's nightcap.

"What's good enough for the Yanks is good enough for Sir Robert."

JARVIS, THE mysterious butler: Lowers the portcullis and gives notice. He got himself a better job.

The Scotland Yard inspector: He is selling tickets to the policemen's ball.

That should do it. Buy soap.

GRIN AND BEAR IT By LIGHTY

"The wife doesn't figure my retirement as being my golden years, Gus, ... just her golden opportunity to get some things done around here!"

EARL WILSON:

Like a Sewer Isn't

NEW YORK — Art Carney, alias Ed Norton, the man from down under (in the sewer), is just as sweet as a sewer isn't.

He spoiled my schemes by being nice. I'd wanted to needle him a little about stealing the "Harvey" role from Frank Fay — and get under his skin about Jackie Gleason signing up fat boy Buddy Hackett.

"I've read about Frank Fay being irate and disappointed — but I wonder if it's true," Art said over a cup of tea at Toots Shor's. Not being in a vest and T-shirt, as he was so long in Jackie Gleason's "Honeymooners," he looked businesslike.

"But I got to be honest with you because I'm so darn pleased I'm doing it," he said. "Fay has not done a lot of TV. He's not a TV personality. I suppose that enters into it."

"I said to Bill McCaffery, my manager, after doing 'Harvey' in summer stock. 'If they could get the rights to this on TV, I sure would like to do it.'"

"Out of the blue, all of a sudden..." Anyway, he stars in it on the Du Pont Show of the Month Sept. 22 with Marion Lorne in the Josephine Hull part.

"But I hope I work some with Gleason, too. I miss not working with him. I used to look forward to Saturday. We had a ball. Never a cross word. You know, you were around. It was home plate."

"What about two fat guys? ... Though of course Jackie says he's not going to be fat," I said.

"He ain't going to be skinny!" Art exclaimed. "Of course I only have to look at Hackett to laugh." "How come you two guys didn't get together?"

McCaffery spoke up. "It had to do with the business end. We couldn't reconcile two points of view."

"Did you and Gleason ever talk it over personally?"

McCaffery answered. "Protocol dictates that you talk through representatives."

"If we'd got together personally, business would never have been discussed," Carney grinned. "Was it left open that you still could get together?" McCaffery thought it was.

"In other words, I haven't got my call yet," Art said. "Is Ed Norton dead?"

"I hope not. I like him too much to see him die," Art said, and told me of the many times he, Art Carney, had not been recognized as Ed Norton while Ed Norton was being discussed. But

that's another story. As I shut my notebook, Art Carney said, "Well, if you see Gleason, tell him hello."

So how can they ever really part?

THE MIDNIGHT EARL ... George De Witt calling you from Cannes, France! the operator said. "I was with Jack Warner in that Alfa-Romeo the night before his crash." George, the NBC TV star said, clear as a bell. "It happened at 6 a.m. and the sun was shining right in his eyes; that's the explanation. I warned him he shouldn't drive that car. The door was faulty. But because it was faulty, it broke and he fell out and that saved his life. The rest of the car was demolished. His wife's flying here from Hollywood."

Sugar Ray Robinson's proudly showing off his beautiful plastic nose — leading to the belief he'll never fight again ... Lauren Bacall's new interest. Leonard Garshore, the writer, talked to her almost half an hour from the Living Room here. (Betty likes artistic, creative types) ... Jack Palance got a new fire-wagon red Corvette. "And a year ago," he told Marion Marlowe and me last night, "I was ready to kill myself!" It's the B.W.'s birthday but I'm not supposed to mention it. So all right, so shut up already.

Roger Williams makes his debut in the Catskills at Kiltsher's Monday, Aug. 18 ... Oscar Hammerstein underwent another operation ... Bob Evans comes through big in "The Fiend That Walks the West" and makes Jack Tirmen very proud of him ... Sophia Loren flies to her rustic hideaway in Switzerland after finishing "That Kind of Woman" for Paramount here next week. Barbara Nichols will be left here with her two dogs (her only "boy friends").

EARL'S PEARLS: It's hard to understand why so many ministers and public speakers carry their remarks in a brief case.

TODAY'S BEST LAUGH: A friend of ours who just gave his daughter away at a big wedding wonders how he can do the same with his wife.

WISH I'D SAID THAT: "An airline stewardess is a beautiful girl who says 'What can I do for you?' — and then straps you in." — Paul (Latin Quarter) Gilbert.

Most foods, claims Dr. Carlton Fredericks, make us thick to our stomachs ... That's earl, brother.

MIKE CONNOLLY:

Seriouser and Seriouser

HOLLYWOOD — It seems to be getting "seriouser & seriouser" for Liz Taylor and Arthur Loew Jr. They've been hitting the Hollywood spots alone — no "pigeons," as before a "pigeon," Pigeon, is a cover-up date — someone who goes along for the ride to make it look like you're not really with the person you're really with!

MGM is rewriting Rudy Valentino's old "Four Horsemen of the Apocalypse" from World War I to World War II for Marlon Brando ... Jack Lemmon, getting fitted by dress-designer Orry-Kelly for his all-girl orchestra gig with Marilyn Monroe in "Some Like It Hot." Jack Lemmon lisped through his long, curly wig, "I'll SLAP that Marilyn if she doesn't stop swingin' with my bra!"

TONY CURTIS, in the same twitchin' session with Lemmon, to producer Harold Mirisch: "Don'tcha think this blue lace makes me look too broad in the shoulders, Harold, huh, don'tcha?"

Dispatch from 20th-Fox publicity pandjandrum Harry Brand: "Quit worrying about the Middle East mess — Uncle Sam just tapped our boy Barry Coe for two weeks of soldiering at Fort Ord!"

NEVADA'S RELIGIOUS organizations are up in arms over that Battle of the Buses in the bistros of Las Vegas. And small wonder — how much more naked can you get than Marilyn Monroe's naked calendar picture?

Speaking of Vegas, stripteasee Candy Barr is dating Howard Brandy but their love appears to be merely a sometime thing because whoever heard of anybody signing checks "Candy Brandy?"

Carol Channing dropped her devastating Marlene Dietrich delineation from her impersonations. "I've found it very unsatisfactory," coos Carol. "To satirize people who don't like my impersonations."

QUOTES

LAS VEGAS, Nev. — The Most Rev. Bishop Robert J. Dwyer, warning Roman Catholics against the trend toward nudity and indecent entertainment along the famed Las Vegas "Strip": "There is no vacation from the Ten Commandments."

DIRECTOR DEL GUIDICE wrote to John Davis of the J. Arthur Rank Organization for an appointment and got a brushoff. Del, a recent convert, waited a week and then wrote another letter: "God will forgive you for your sins."

A week's visit to Hollywood did it for Horace Schmidlapp's attractive stepdaughter Trish. She has no more acting ambitions. She'll return to school and major in psychology instead.

Warner Bros. is beating the bushes for a Beatnik to blow up his mother in that plane out of Denver for "The FBI Story" ... Dennis Day's definition of intuition: "A wife's ability to read between the lies."

CHANNEL CHATTER — Golden blonde Carol Lynley will let down her golden blonde hair in the "Rapunzel" segment of Shirley Temple's Storybook series ... Most of 'liberace's opening night reservations were made by his femme fans. His opening was a scream.

Nanette Fabray no-nod any more questions on the Shore show, figuring she's done too many with Dinah to date ... A regular-season Chevy-type series is sizzling for one of Miss Shore's summer subs, Janet Blair.

JANET'S MATE, Nick Mayo, is involved with George Sanders, Herb Jeffries and some other Hollywoodites in promoting a new 3-Device for televiewers called Telephoto. It'll be distributed by an outfit called Triplex.

Broadway producers Feuer & Martin are urging Ernie Kovacs and Edie Adams to whom it up in the starring roles of the new musical, "Whoopee!" ... Gloria Pall's enthralling phone call to this dept: "Honey, things are going great for me, and the world is a BALL!"

LEO DUROCHER will take off from his NBC TV post to play a small part in Pal Frank's Sinatra's new movie, "Some Came Running." Just for laffs ... Another taker-offer, dance director Hermes Pan, will quit tero — teaching Sam Goldwyn's "Porgy and Bess" cast long enough to fancy-footwork some of Fred Astaire's steps in Fred's Oct. 17 spec for NBC-TV.

George Murphy, done with dancing, will head the public relations office of Desilu Commercial Films, headed by Desi Arnaz and Lucille Ball.

Board Holds Up Action on Trailer Park Health Act

A draft of an ordinance which would require a health permit for operation of a trailer park, and a permit application fee of two dollars per year for each trailer site with a minimum annual fee of \$25, was held over Monday for a week to allow time for further study by the supervisors.

The ordinance will be on the August 18 agenda for consideration at 9:30 a.m. but no action will be taken until it is in its final form.

DR. EVERETT M. STONE, county health director, told the supervisors that the staff of the Division of Housing of the State Department of Industrial Relations no longer makes routine maintenance inspection of trailer parks, auto courts, resorts and motels, their activities now being confined to construction only.

"Auto and trailer parks are of considerable economic importance in Riverside County," said Dr. Stone, "and their proper operation and maintenance is essential." He said Orange and San Bernardino counties already have auto and trailer park ordinances in effect.

The ordinance draft presented to the supervisors Monday by County Counsel Ray T. Sullivan, Jr., was prepared at Dr. Stone's request as a result of conferences between the health director, sanitation director, and county administrative officer, and a review by the planning and building directors.

AS NOW DRAFTED the trailer park ordinance will allow operators of trailer parks already established 90 days, after the ordinance becomes effective, in which to apply for a health permit.

The ordinance is designed to provide local regulation of trailer parks very much along the lines of existing state law.

Water District Report Thursday

DESERT HOT SPRINGS — A report on operations will be presented to the Desert Hot Springs County Water District board of directors at 7:30 p.m., Thursday, by A. E. Finch, district general manager.

Finch, who took over the managerial post July 1, will deliver his second report to the board at the meeting in the district office.

Agenda items for the meeting also include a report on new subdivisions by Director James Harris.

Denglers Busy Adding to White Sun Buildings

RANCHO MIRAGE—Between jaunts to far away places this summer, Jack and Helen Dengler are adding new buildings to their ever-growing White Sun Guest Ranch. Mrs. Dengler returned recently from a month's visit with a friend on the island of Tahiti.

At the present time Jack is on a business trip to his branch office of Sita Travel Service in Sidney, Australia.

The Dengler offspring are fast following in the footsteps of their globe-trotting parents. Their eldest son David is leading one of the Sita Station Wagon Camping Tours throughout the Western National Parks, and fifteen-year-old Mark left last week by train for New York where he will visit his grandmother, Mrs. Peter W. Dukeman at Hastings-on-Hudson before leaving for Europe and Aachen, Germany where he will attend school for a year.

Nancy, who is president of the Student Body at Mills College, will leave by plane Friday for Columbus, Ohio where she will attend the Conference of Student Body Presidents of approximately 1500 Colleges prior to meeting with delegations from the colleges of this country and Europe for the National Student's Association Congress that will be in session for two weeks.

Bottom Put on Subdivisions for Salton Sea Area

Preparation of a resolution which will set a policy of disapproving any subdivision of property below the minus 220-foot elevation in the vicinity of the Salton Sea was ordered by the Board of Supervisors Monday on recommendation by the county planning commission.

"Reports of the Riverside County Flood Control and Water Conservation District and of the Coachella Valley County Water District indicate that land lying below the minus 220-foot contour will be subject to flooding," said the commissioners. "We believe it would be unwise to approve permanent installations in such an area."

The commission has already adopted its own policy against approving subdivisions below the minus 220-foot level. They suggested consideration of W-1 (water-course area) zoning for portions of the area in the vicinity of Salton Sea lying more than 220 feet below sea level.

SUNAIR

By JEAN PATANE

Following a ten day stay at Sun-air Motel Mr. and Mrs. James Gibson left Sunday for their home in Los Angeles. Former guests Mr. and Mrs. John Bender stopped for a few days enroute from Glacier and Yellowstone National Parks, to their home in Chula Vista.

Mr. and Mrs. Jeanne LaSalle returned home Sunday from Santa Ana where they were houseguests for a week at the home of their friends Mr. and Mrs. Bill Spencer. While there they visited in Los Angeles, Hollywood and the beach area.

Mr. and Mrs. Merrill Brown with son Chandler and young daughter Robin spent the weekend at Carlsbad. Chandler remained in Carlsbad for this week. Daughters Roxanne and Ann are enjoying the week at Catalina Island.

Wanda Hunick of the Allure

Martin Attends Aviation School In Tennessee

John W. Martin, Airman apprentice, USN, son of Mr. and Mrs. John B. Martin of 32-186 Sky Blue Water Trail, is attending the Aviation Machinists Mate School at the Naval Air Technical Training Center, Memphis, Tenn.

During the nine-week course, students are instructed in the repair and maintenance of both reciprocating and jet engines, and trained in the basic electric and fuel systems of aircraft.

Graduates of the course are prepared for advancement in the aviation field.

Rancho Mirage

By JEAN PATANE

Postmaster and Mrs. Sidney Greenleaf left last Friday on a five week motor trip. They plan on visiting the various scenic and historical points of interest in Utah, Idaho, Nevada, Oregon and Washington.

Viola Darnall, well known desert area resident for the past eleven years, is now associated with the Rancho Mirage Realty Office.

Enroute to Ventura from the National Convention of the Niag-

ara Cycle Massage Company, Mrs. Lenna Black and Raymond Ebeltoft stopped over the weekend at the home of Mrs. Black's parents, Mr. and Mrs. Louis Tanner. Following the Convention held in French Lick, Indiana, the delegates visited at the Mammoth Caves of Kentucky and other interesting places. Mrs. Tanner returned with her daughter to Ventura where she will spend the week.

Mr. and Mrs. Richard Cody returned Sunday from a ten day

vacation in Carmel, San Francisco and down the coast to Del Mar. Mr. Cody has the produce department at Sales Market in Palm Springs.

Last week Mrs. Dorothy Cameron, cousin of Don Cameron, was a houseguest at the Cameron's Indian Wells home. During her two week visit in Southern California she visited with Isabelle Cameron's sister, Mrs. Sally O'Neil Battles at Lido Isle, Newport Beach. Over the weekend Isabelle drove her guest to Los Angeles where she boarded the plane for her home in St. Catharines, Ontario, Canada, Don's hometown.

Mr. and Mrs. J. K. Anderson spent last week at River Bend on the Colorado River fishing and relaxing, returning to their home Monday night.

The Desert Sun Wednesday, Aug. 13, 1958 5

Palm Desert

By GRETCHEN CHEESEMAN

Mrs. Joan Wyman entertained houseguests for a week, Mrs. Ray Littleton and granddaughter, Jeri Jones, also Mrs. Myrtle Weddle. Mrs. Wyman has returned home after a few days spent in Beverly Hills, where she attended to some business, and also had some fun.

Mr. and Mrs. Gerald Arnold and daughter, Susan, have left the desert and will be away some time. Gerald hopes to enter col-

lege in San Luis Obispo and secure his masters degree in agriculture, and go into the teaching field. Gerald is the son of Mrs. Vera Arnold.

Mr. and Mrs. Ed Welcome acquired a small trailer and are enjoying a typical "gypsy" trip through the cool spots in the north.

Mr. and Mrs. Fred Blades are summering in Minnesota, after a tour of the Pacific Northwest.

SPORTS in the SUN

The Desert Sun Wednesday, Aug. 13, 1958 7

TODAY'S SPORT PARADE

By OSCAR FRALEY, United Press International

ARROWHEAD SPRINGS, Calif. (UPI)—This camp of heavyweight challenger Roy Harris has become "Goofycrest by the Springs" the screwiest training rendezvous since Weisman Tommy Farr groomed at Long Branch, N.J., for his 1937 shot at Joe Louis' title.

Tempers have flared here, sports writers and photographers are running around in circles, and everyone is ready to punch somebody in the nose—that is, everyone is ready except Harris. The challenger from Cut and Shoot, Tex., is slated to fight Floyd Patterson for his heavyweight crown at Wrigley Field, Los Angeles, next Monday night. But trainer Bill Gore refused to let Harris do any punching Monday and declared angrily, "He may not do any boxing for the rest of the week."

Gore snapped at the large band of reporters who questioned him about the cancellation and about the challenger's condition. And some of the reporters snapped back.

FOR A MOMENT it seemed that unscheduled fistfights might be exchanged between lanky, white-haired Gore and some of the newsmen, there in the swanky 100 dollar-a-day Harris chateau where the challenger was resting incommunicado in bed.

"One of you wrote that Roy is not in condition for this fight," yelled Gore. "That's a direct reflection on me. And I'm telling you it was a lie. He's in shape, ready to fight right now—but I'm not taking any chances on his going stale."

"Name the man who wrote it," shouted an angry Los Angeles writer. "Don't be taking it out on all of us for what somebody else did. We came here to see Harris and we want to see him."

"Well, you won't see him—not even if Harris wants it, or his manager Lou Viscusi wants it. I'm in charge here."

It was believed that, had a brawl broken out, ex-lightweight champion Lew Jenkins, although a Texan would have been on the side of the press.

THE ALTERCATION at the snowy white chateau, just above Strawberry Creek, was occurring only four hours after the announcement that Master Sergeant Jenkins—on leave from the infantry at Ft. Ord, Calif.—had been added to the staff to show Harris just how to throw a right-hand punch.

Gore interpreted the Jenkins importation as a reflection on his ability as an instructor. The Jenkins addition was made by Viscusi at the suggestion of Irving B. Kahn, president of the Teleprompter Corp., apparently to help the publicity. Teleprompter is televising the fight by closed circuit to theaters throughout the United States and Canada, and any good publicity would be welcome.

There is tension and bickering and uncertainty here at "Goofycrest by the Springs"—where papa "Big Henry" Harris and brother "Little Henry" from the "big thicket" Texas backwoods have pitched their cot under the rare Karah trees just outside Roy's handsome white chateau. And it's the screwiest camp since Tommy Farr's "Goofycrest by the Sea" 21 years ago.

O'Brien Coming Home Carrying Many Trophies

Olympic champion Parry O'Brien is scheduled to return to Palm Springs this week, carrying trophies garnered in a U. S. track and field tour through Russia, Poland, Hungary and Greece.

America's touring track and field team wound up its four-meet trip at Athens Sunday, where O'Brien hurled his iron ball a distance of 62 feet, five inches to set a new stadium shot put record and win an extra trophy as the dual meet's outstanding athlete.

It was the closes O'Brien came to his world shot put record of 63 feet, two inches, during the European junket.

Ironically, the husky City National Bank executive did better his world mark by more than seven inches, but it was a practice throw in warm ups for the Athens meet and didn't count for the record.

O'Brien's practice mark was 63 feet, nine and three-quarter inches.

ACTS ON PAN-AM BILL WASHINGTON (UPI)—The Senate Foreign Relations Committee has approved conditionally authorized legislation for an appropriation of \$500,000 for the Pan-American Games at Chicago in 1959.

Browsers 2-Hitter Beats Builders By 7 to 3 Score

Desert Hot Springs-Moon and Moon gained a game in the easy way last night when Palm Desert Junior Chamber of Commerce defaulted and then went on to win a practice contest from Palm Springs Builders Supply, 7-3.

Floyd Browsers, on the hill for DHS, held his opponents to two lone singles while fanning 13 but passing it.

Desert Hot Springs got two runs in the first inning and were never headed. Singles by Browsers and Paul Neilsen led the way. They added three more in the second frame on a number of walks and Monte Stafford's single.

The winners also picked up a run in both the fifth and sixth inning including one on a bases-empty home run into left center field by the very resourceful Browsers.

The Builders managed to score once in the fourth frame when Robert Lara tripled in Ben Rios and then got two more in the seventh when Frank Valdivia got

Miller Sidelined For Good, Belief

REDLANDS (UPI)—Defensive end Paul Miller, injured last week in practice with the Los Angeles Rams, may be out of professional football for good.

Miller's injury was diagnosed Tuesday as a slipped disk. After an operation later this week, the veteran end must spend several weeks in a cast.

News that Miller was lost for the season came as a blow to coach Sid Gillman's defensive plans for the Rams' game with the Washington Redskins Saturday night at the Memorial Coliseum. Miller was the most experienced defensive end on the team.

and scored on two errors and Eddie Nunez singled in Sal Valdivia.

The score: R H E
Desert Hot Springs 7 7 5
P.S. Builders Supply 3 2 4

Patterson Looks Sloppy in Preps For Title Battle

OCEANSIDE, Calif. (UPI)—Heavyweight champion Floyd Patterson appears "sloppy" in his sparring session at this southern California beach resort and shopping center.

Floyd, 23, is either off form from boredom with long training or he's acting to help the gate for Monday's title defense against unbeaten Roy Harris at Wrigley Field in Los Angeles.

He never tried acting before. "With two more boxing workouts I'm sure I'll be sharp for the fight," he told sportswriters today. "I do feel a bit slow, but I'm getting faster."

Manager Gus D'Amato admitted "Yes, Floyd's had previous spells when he didn't appear sharp, but never like this before—at a late stage in training."

Several New York sportswriters, who had witnessed Patterson's last impressive workout at Monticello, N.Y., three weeks ago and then saw him for the first time in the West Tuesday, were surprised at the change in his showing.

Bucs Making Like Pennant Contenders

By FRED DOWN

United Press International

Remember Babe Adams, the rookie who pitched the Pittsburgh Pirate to their first world championship with three victories in the 1909 World Series?

Well, the amazing Pirates have come up with their greatest rookie pitching hero since Adams and it just could be that he'll help the Bucs "steal" the National League pennant from the Milwaukee Braves.

He's George Witt, a 6-foot, 3-inch, right-hander from Laguna, Calif., who stopped the slugging Braves on two hits Tuesday night and pitched the Pirates into first of two place five games out of first with a 10-0 victory. It was the fourth straight win for Witt, who has pitched 23 consecutive scoreless innings, has yielded one run in his last 35 innings and has a league-leading 1.58 earned run average.

Witt, a 200-pound fastballer, yielded only one "legitimate" hit—a ninth-inning double by Hank Aaron. The other Milwaukee hit was a fluke second-inning double which left-fielder Bob Skinner lost in the Forb Field lights. Except for that fluke hit, Witt would have entered the ninth with a chance to pitch the first no-hitter in the 49-year history of Forbes Field.

A crowd of 36,867 saw the Pirates take a 2-0 lead in the sixth inning and, then humiliate the world champions with a riotous eight-run rally in the eighth that marked the Buc's biggest inning of the year. The Pirates, with six straight victories and 16 wins in their last 18 games at home, now start a 15-game road trip which Manager Danny Murtaugh says will "make or break" them as a contender.

The St. Louis Cardinals beat the San Francisco Giants, 7-3, and dropped them into third place, the Chicago Cubs walloped the Los Angeles Dodgers, 9-3, and the Cincinnati Redlegs crushed the Philadelphia Phillies, 12-4, in the other

National League games. In the American League, Mickey Mantle's 33rd homer helped the New York Yankees beat the Baltimore Orioles, 7-2, the Chicago White Sox topped the Cleveland Indians, 4-1, and the Detroit Tigers edged the Kansas City A's, 7-6. Boston at Washington was rained out.

Kim Parker, Honor Guest at Dinner Party in Village

New York model Kim Parker was guest of honor this week at a dinner party given by her grandmother, Evelyn Nelson, at the home of Mrs. Nelson's glamorous granddaughter were Glory Levin and Geri Frank. All were houseguests of Mrs. Nelson.

Miss Parker primarily traveled to the West Coast for a screen test, but, her grandmother reported, she likes modeling much better.

The girls are driving back to New York City. Miss Parker is contracted to go to Paris and Italy for two famous designers.

MAKE A Schedule FOR SAVING

Every week—every payday—every month—whatever schedule suits you best, plan to save a DEFINITE amount in an insured savings account here. See how this regular saving, plus our good earnings, brings results in a growing savings reserve—and a wonderful feeling of security. See you soon!

KIM PARKER, well-known New York model, was a Palm Springs visitor this week before leaving for Paris and Italy where she will model for some famous designers. She was the guest of her grandmother, Evelyn Nelson of Palm Springs.

Kopelsons on Diversified State Jaunt

Edith and Alan Kopelson are having a very diversified three months away from Palm Springs, as they follow through on their many and stimulating interests. At present they are attending lectures, plays, classes and concerts at Stanford University. Following this they will return to San Francisco to visit former piano students of Mr. Kopelsons and participate in concerts.

Before returning to Palm Springs the end of September to resume their teaching, they plan to spend time in their favorite spot, Pacific Grove.

Visit in Chicago

Karen Kopacoff and her sister, Bonnie, left Tuesday night via the airways for a two week vacation in Chicago visiting with relatives and friends.

Three Concerts This Month at Idyllwild Bowl

Three choral and chamber orchestra concerts will be presented during the weekend of August 15-17 at the Idyllwild Arts Foundation.

On Friday evening the ISOMATA High School Choir and Madrigal groups will present a concert under the direction of Robert Holmes. The Saturday evening concert will combine choral groups and the ISOMATA chamber orchestra with guest Madrigal groups participating.

Dr. Charles C. Hirt, distinguished choral conductor, will direct the ISOMATA choirs, and the ISOMATA Chamber Orchestra in Gabriel Faure's "Requiem" on Sunday, August 17, at 2:00 P.M.

For reservations for any of the concerts, write or call the Idyllwild Arts Foundation, Idyllwild, California.

Yerkes Aid In Pageant at Laguna Beach

Mr. and Mrs. Claude Yerkes of Araby Rocky Point, are occupying a cottage on Hawthorne Road in Laguna Beach, until the first of October.

Claude has a part in the "Last Supper" as Matthew, in the "Pageant of Masters" of the Laguna Beach Festival of Arts.

Mrs. Yerkes is helping out as volunteer in the sewing room.

Many of the artists in the Festival of Arts, are members of the Desert Art Center and spend time on the desert painting Palm Springs and the vicinity.

It's Hot Up in Washington, Too

A report from Jim and Peggy Talman who manage the Chevy Chase Inn in Port Townsend, Washington during the summer months, tell of the hottest summer they have experienced in 60 years.

The Talmans who maintain a home in the Village plan to return in September via the coast route and stop off in San Francisco, also pay a visit to the Hearst castle.

Their daughter Christine attends Cahulla school and will enter sixth grade this fall.

Vicki Lynch at Pacific Beach

Vicki Lynch, daughter of Mrs. Dorothy Lynch is at present visiting in Pacific Beach with Villagers Mr. and Mrs. Chet Renner and their children. Mr. Renner is a teacher with the Palm Springs Unified School District.

Vicki and her mother recently returned from a motor trip to San Francisco where they enjoyed a stay at the Sir Francis Drake hotel. Enroute home they stopped off in Santa Barbara to visit.

Enjoy Phoenix Tour

Their first trip to Phoenix, Arizona was enjoyed by Genie Pfleger and her son Mickey who flew over for a four-day visit. They are now in Los Angeles to spend a few days with friends.

Return to Desert

Linda and Lynn Roberts, of Cathedral City, who were recently married, returned Monday from a month spent in Idaho Falls. They returned via Las Vegas to attend a few of the shows.

To San Francisco

San Francisco is the destination of Kathy Herrick who plans to make her home there. Miss Herrick will act as hostess in the new "Pan Pam" restaurant owned by Villager Ed Thrasher.

Idyllwild School Closes Season With Gay Party

Saturday's closing exercises at Idyllwild's Desert Sun School found nearly four hundred people busily and happily packing up children, watching final games and events, confirming with teachers and counselors, and sharing nostalgic memories of a joyous and profitable summer.

After a picnic on the lawn overlooking the beautiful meadow, Alex and Wynne Hammond gave a musical recital with a cast of nearly sixty campers and counselors. This was the same show presented to the Idyllwild Fire Circle by this popular Palm Springs pair.

Counselors and campers included people from Idyllwild and Hemet as well as from Japan, Formosa, Samoa and Mexico.

Mrs. Richard Elliott, Director and Founder of Desert Sun School, says that his has been one of the School's most successful summers. Academic progress by those tutoring has been satisfactory, and the achievement of maturity by the counselors has been gratifying.

Clark Family at Laguna Beach

The John Porter Clark family are spending the next six weeks in Laguna Beach.

Clark who is an architect in the Village will drive down on weekends.

Ings Hosts at New Home at Cocktail Party

Mr. and Mrs. James Ings entertained a few friends at a cocktail party held at their new home on Prickly Pear Trail at the B-Bar-H Ranch.

Among the many guests were Mrs. Graham, Mr. and Mrs. Marsh, Mrs. Billie Thompson, Mr. and Mrs. Archie Woods and children, Jim and Patty.

Also, the Ings two granddaughters, Susan and Sheila, with their two friends, Donna King, who is visiting from Newberry, Port, Mass., and Mary DeWitt from Downey.

Dorothy Lynch Wins Radio Prize

The "Mystery Voice" over KPAL has been disclosed by Villager Dorothy Lynch as Chief of Police, August "Gus" Kettmann.

Miss Lynch won second prize of \$10 and the chance to be guest disc jockey on station KPAL for one hour.

Mrs. Travis T. Rogers won first prize with a three day all expense trip to Las Vegas and third prize winner was Mrs. Martin Bruton.

To keep rice, spaghetti, dried beans, potatoes, or oatmeal from boiling over, add a small piece of butter to the cooking water.
